

# SOUND MANAGEMENT

## Risk Management: Emergency Preparedness for Your Co-op

What does it take to be prepared for any emergency at your co-op? Preparation and planning is the key to managing risks in times of crisis. Reduce your co-op's financial and legal exposure with this informative session.

### This workshop covers the following:

- designing your co-op's emergency plan
- disaster preparedness and readiness
- planning for community safety and security issues
- financial controls and financial preparation for emergency preparedness
- ensuring safety compliance in the contract tendering process
- roles and responsibilities of the board and members
