

LONG-TERM PLANNING

Strategic Planning for Your Co-op's Future

"What gets planned gets accomplished." Learn to set strategic goals that make a difference in your co-op. Set "goalposts" or milestones to maintain momentum and ensure buy-in from people along the way. Explore methods and tools that work for project planning for short and long term goals in a community setting.

This workshop covers the following:

- strategic planning principles
- living the vision of the 2020 co-op standards
- community-minded goal setting
- overview of project planning for short and long-term goals
