

# GOVERNANCE

## Candidate Selection – Building a Better Board

The strength of a board is comprised of its individual members. This workshop provides insight into the overarching principles of board candidacy and membership. The 2020 standards model provides a backdrop to the core leadership principles for co-ops at this time. Learn what it takes to be an effective co-op leader in this time of growth and change in the sector.

### This workshop covers the following:

- an overview of co-op principles
- organizational structure of a co-op board
- keys to being an effective co-op leader
- the co-operative decision-making model
- the roles and responsibilities on a board
- an overview of the democratic election process
